CONTENTS

Volume 2

Number 1-2, July-August 1974

The treatment of noncycling mares by oral application of chlormadinone acetate (CAP).

R. Hoppe, J. Bienkowski and A. Lipczynski 1

Effects of a progestin on parturition and the post-partum period in pigs.

W. Jöchle, L. Orozco, K. Zerobin, H. Esparza and M. A. Hidalgo 11

Determination of progesterone in milk applied for pregnancy diagnosis in the cow.

B. Hoffmann, R. Hamburger, O. Günzler, L. Korndörfer and H. Lohoff 21

Failure to demonstrate transplacental transmission of parainfluenza-3 virus by inoculation of pregnant immune sheep.

R. B. Grieve and B. L. Swift 29

Number 3, September 1974

Altered motility of myometrium from estrous ewes after the regulation of estrus with progestagen or prostaglandin.

H. W. Hawk and H. H. Conley 37

Adrenergic activity of the avian oviduct *in vivo*.

O. P. Verma and C. A. Walker 47

Factors affecting the respiration of rabbit sperm measured with an oxygen electrode.

I. G. White and W. L. Williams 63

Number 4, October 1974

Oestrous synchronization in cattle using progesterone and a PGF analogue.

C. H. van Niekerk, P. C. Belonje and J. C. Morgenthal 73

Effect of megestrol acetate on milk production in sows and piglet growth.

K. Arbeiter, K. Onderscheka, H. S. Choi, E. Weber and W. Jöchle 77

Luteinizing hormone (LH) release after single injections of a synthetic LH-releasing hormone (LH-RH) in the ewe at three different reproductive stages and comparison with natural LH-release at oestrus.

J. P. Foster and D. B. Crighton 87

The present status of the role of the parainfluenza-3 (PI-3) virus in fetal disease of cattle and sheep.

B. L. Swift and M. S. Trueblood 101

Number 5, November 1974

Studies of the genital organs of gilts culled for anoestrus.

S. Einarsson, C. Linde and I. Settergren 109

Induction of luteolysis in the mare with a prostaglandin analogue.

F. N. Thompson and D. M. Witherspoon 115

Plasma levels of oestradiol-17β in the pre-puberal heifer treated to induce superovulation.

J. Saumande and J. Testart 121

News and Comments 131

Number 6, December 1974

Induction of ovulation and multiple ovulation in seasonally-anovulatory mares with equine pituitary fractions.

R. H. Douglas, L. Nuti and O. J. Ginther 133

Laparoscopic studies of ovulation, pregnancy diagnosis, and follicle aspiration in sheep.

D. A. Snyder and W. R. Dukelow 143

Infectious swine reproductive diseases.

A. D. Leman, M. Cropper and H. E. Rodeffer 149

Letter to the Editor:
Theriogenology in veterinary training in relation to animal production.

D. R. Lamond 161
